Biographical Narrative:

Eben Goodale is Professor, PI of a group focusing on animal ecology and conservation at Guangxi University in China. He is interested in the connection between three fields of ecology: behavioral ecology, community ecology and conservation biology. His research focuses on how behavior, particularly communication, affects the interactions between species, and how knowledge about such interactions can be integrated into conservation and management plans. He received his bachelor's from Harvard College (1997), his Ph.D. from the University of Massachusetts, Amherst (2005), and held postdoctoral fellowships at the Massachusetts Institute for Technology, the National Science Foundation (USA) and the University of California, San Diego / University of San Diego. Much of his work has been done on birds and in Sri Lanka, but he has also conducted bird research in India, Papua New Guinea (PNG), and now China, and has also worked on communication in bees. He is the author of more than 90 articles in peer-reviewed journals and the first author of "Mixed-species Animal Groups" (Academic Press, 2017), the only book on this topic. He has published in general biological science journals, such as *Science*, *Biological Reviews* and *Proceedings of the Royal Society B*, animal behavior journals, such as *Behavioral Ecology* and *Animal Behaviour*, ecological journals, such as *Trends in Ecology and Evolution*, *Ecology* and *Ecography*, and conservation or environmental journals, such as *Biological Conservation*, *Environmental Pollution* and *Agriculture, Ecosystems and Environment*. He has taught undergraduate and graduate courses in introductory biology, biodiversity, ecology, and experimental design and statistics in the United States, Sri Lanka, PNG and China. He lives with his wife, the ecologist Uromi Manage Goodale, and son in Nanning, China.

Education:

- **University of Massachusetts, Amherst** (2005), Ph.D. Thesis title: "Interspecific communication in mixed-species bird flocks of a Sri Lankan rainforest." Major advisors: Bruce E. Byers and Donald E. Kroodsma. 4.0 GPA.
- **Harvard College** (1997), B.A., magna cum laude in Biology.

Teaching and Research Positions:

- Vice-Director, Guangxi Key Laboratory of Forest Ecology and Conservation, **Guangxi University** (GXU, 11/16-present).
- Professor, College of Forestry, **Guangxi University** (10/14-present). Principal Investigator of the Behavioral & Community Ecology, Conservation Biology Group.

- Associate Professor, **Xishuangbanna Tropical Botanical Garden (XTBG), Chinese Academy of Sciences** (9/12-9/14). Associated with the Ecology and Evolution of Plant-Animal Interactions Group.
- Visiting Scholar, **University of California, San Diego** (1/10-7/12; Research Associate, **University of San Diego** (2/10-6/12). Studied interspecific information transfer among pollinating insects in James Nieh's lab.
- Lecturer and Senior Seminar Mentor, **University of San Diego** (1/10-6/12). Taught a survey course on the biology of organisms (BIOL 221, lecture and lab), a course in the principles of environmental science (BIOL 102), and a lab in cellular biology (BIOL 225). Also, mentored students on their independent research project (BIOL 495).
- Lecturer, **University of San Diego, California** (10/10-12/10; 10/11-12/11). Taught two semesters of UCSD's introductory course in ecology, behavior and evolution (BILD 3).
- Postdoctoral Fellow, **National Science Foundation USA (NSF) International Research Fellowship Program** (1/07-4/07; 8/07-8/08; 1/09-4/09; 9/09-12/09). Studied developmental, cognitive and functional aspects of vocal mimicry in mixed-species bird flocks of Sri Lanka and Papua New Guinea.
- Research Associate, **University of Massachusetts, Amherst** (1/09-12/09). Affiliated with Jeffrey Podos' lab; studied cultural evolution in the songs of Darwin's finches.
- Adjunct Faculty, **University of New Haven** (8/08-12/08). Taught an undergraduate course (BIO 320) and a graduate course (ENV 601) in the principles of ecology, with laboratory.
- Lecturer, **University of Massachusetts, Amherst** (8/08-12/08). Presented 13 lectures on evolution for the large introductory lecture class for non-majors, "Social Issues in Biology" (BIO 105).
- Visiting Lecturer, **University of Colombo** (1/07-3/07; 3/08-5/08). Taught 10 hours of lectures on experimental design and statistical analysis and an additional five hours of lectures on behavioral ecology.
- Instructor, **Yale School for Forestry and Environmental Sciences** (8/07). Designed and conducted lab demonstration on freshwater ecology and biodiversity for their Masters orientation program.
- Postdoctoral Fellow, **MIT Media Lab** (8/06-11/06; 5/07-7/07)
Worked with Dale Joachim on a NSF-sponsored program using cell phone technology to remotely conduct playback experiments.
- Consultant, **Yale School Forests**. Designed and conducted the first bird survey of the actively managed Yale Myers Forest.
- Research Associate, **Field Ornithology Group of Sri Lanka (FOGSL; 5/05-present)**.
Responsible for planning research agenda, finding funding, and supervising students.
- Teaching Assistant, **University of Massachusetts, Amherst** (1/05-5/05; 9/02-5/03).
Designed and taught laboratory curriculum for ornithology (BIO 544) and introductory biology labs (BIO 100 & 101).

Scholarships, Fellowships, Honors:

- Elected Member, **American Ornithological Society**. Awarded 8/20.

- Invited Workshop Participant, **Wissenschaftskolleg zu Berlin**, in workshop on “Finding common ground across the species border: Integrating intraspecific and interspecific cooperation research” to take place in 2021.
- **Eramus + Inter-institutional Program Mobility Award** from the European Union. Funding for an exchange program with Indikis Krams of Daugavpils University, Latvia to occur in 2021
- **1000 Plan Recruitment Program of Global Experts**. A national level Chinese grant for recruiting international scientists (awarded 3/13).
- **NSF International Research Postdoctoral Fellowship** (awarded 8/06, for two years).
- **American Institute of Indian Studies**, Senior Fellowship (awarded 10/05, for four months), to study the effect of land-use on mixed-species flocks of India.
- **NSF Graduate Fellowship** (awarded 4/00, for three years).
- **Fulbright Junior Scholarship** (awarded 9/97, for one year).

Grants:

- **Conservation, Food & Health Organization** (participant; \$23,500 awarded to FOGSL 9/18) to study the movements of birds through disturbed land-types of Sri Lanka.
- **National Science Foundation of China (NSFC) General Project** 31770424 (PI; \$82,000 in research funds, for investigating the vocalizations of group-living birds, awarded 08/17).
- **NSF Conference Symposium Support Grant** (participant; \$13,000 to support ‘Mixed-species animal groups’ symposium at Ecosummit, awarded 4/16).
- **NSFC Regional Project** 31560119 (PI; \$64,500 in research funds, for sampling mixed-species flocks in Guangxi and Yunnan, awarded 8/15).
- **University of Guangxi, Special Talent Recruitment Program** (PI; \$682,000 in start-up funds, awarded 6/14).
- **1000 Plan Recruitment Program of Global Experts** (PI; \$327,000 in research funds, awarded 3/13)
- **San Diego Foundation Blasker Science and Technology Grant** (PI; \$35,916 awarded 5/11)
- **Conservation, Food & Health Organization** (PI; \$12,935 originally awarded to FOGSL 6/06, for twelve months; \$12,022 funded for a second year 11/07), to study the effect of land-use on flocks of Sri Lanka.
- **NSF International Research Postdoctoral Fellowship** (PI; \$48,100 in research funds, awarded 8/6/06).
- **NSF Doctoral Dissertation Improvement Grant** (co-PI; \$9,684 awarded 7/03).
- **American Ornithologists Union**, Student Research Grant (PI; \$2,500 awarded 6/03).
- **Sigma-Xi Grant-in-Aid-of-Research** (PI; \$1000 awarded 6/03 and \$500 12/01).
- **Woods Hole Scholarship for Field Research** (PI; \$3,200 awarded 3/02).
- **American Ornithologists Union**, Maria Brady Tucker Travel Award (PI; \$1,200 awarded 6/02).

Presentations at Scientific Meetings:

From 2006-2020, 27 invited talks at the following venues:

Barnard College • Central Connecticut State Univ. • Chinese Ornithological Conference (plenary speaker for 2019 conference) • East China Normal University • Environmental Leadership and Training Initiative (moderator; international conference held in Sri Lanka in 2012) • Fifth Symposium on Tropical Forest Ecology (keynote speaker for conference held in Hainan, China in 2013) • Florida International University • Guangxi Zoological Society (plenary speaker for 2019 conference) • Indian Institute of Science • National Centre for Biological Sciences (India) • National University of Singapore • National Forestry Symposium (Sri Lanka) • Nature Conservation Foundation (India) • San Diego State University • School of Natural Resources and Environment, University of Michigan • Shanghai Natural History Museum • Sun Yat-sen University • Texas Tech University • University of California, San Diego • University of Florida, Gainesville • University of San Diego • University of New England • Workshop on Coastal Wetland Bird Conservation in Asia-Pacific Region • Xi’an Jiaotong-Liverpool University • Xishuangbanna Tropical Botanical Garden • Yale Forest Lecture Series (2 talks)

From 1998-2019, 22 presentations, 4 posters, and 1 workshop at the following meetings:

American Ornithological Union (3 talks, moderator once, 1 poster) • Animal Behavior Soc. (1 talk, moderator once, 2 posters) • Association for Tropical Biology and Conservation, Asian Chapter (3 talks; also symposium co-organizer, keystone speaker, and scientific committee member for Sept 2019 conference) or full worldwide meeting (1 talk) • Botanical Society of America (1 talk) • Center for Tropical Forest Science (1 talk) • Chinese Ornithological Conference (2 talks) • Ecosummit (co-organized symposium on ‘Mixed-species Animal Groups’ and gave the keynote talk 2016) • International Conference on Mercury as a Global Pollutant (1 workshop co-organized, 1 talk) • International Union of Forest Research Organizations (1 talk) • Intercol (1 talk) • International Society for Behavioral Ecology (2 talks, moderator once, 1 poster) • Rockefeller University Bird Song Workshop (2 talks) • Society for Conservation Biology (1 talk) • Society for Integrative and Comparative Biology (1 talk)

Membership in Scientific Organizations:

American Ornithologists Union (2000-2014; 2019-) • Association for Tropical Biology and Conservation (2013-) • Field Ornithology Group of Sri Lanka (life member, 1996-) • International Society for Behavioral Ecology (2014-2015; 2017-2018) • Oriental Bird Club (2004-2018) • Ecological Soc. of America (2010-2012) • Soc. of Conservation Biology (2008-2012) • Sigma-Xi (2003-2014) • Animal Behavior Soc. (2000-2012)

Reviews for and Service to Journals:

- Editorial Board Member, **Biological Conservation** (4/21-present)

- Consulting Editor, **Animal Behaviour** (1/21-present; three-year term)
- Editorial Board Member, **Avian Research** (journal associated with Chinese Ornithological Council, 7/18-present; have guided review process for 6 manuscripts)
- Guest Associate Co-Editor, Special Issue on “Impacts of Habitat Transformation on Species, Biodiversity and Ecosystems in Asia” at **Frontiers in Ecology and Evolution**, 8/20-4/21 (guided review process for 2 manuscripts).
- Associate Editor, **Condor: Ornithological Applications** (journal of the American Ornithological Society, 11/17-12/20; guided review process for 6 manuscripts)
- Advisory Board member, **Current Conservation** (non-technical magazine about conservation, based out of India; 12/16-present)
- Associate Editor, **Forktail** (journal of the Oriental Bird Club; 5/07–8/14; guided review process for 11 manuscripts).
- Journals reviewed for (# of reviews, not counting revisions): Acta Ethologica (1) • American Naturalist (2) • Animal Behaviour (14) • Apidologie (1) • Auk (4) • Avian Ecology and Conservation (1) • Avian Research (2) • Behaviour (1) • Behavioral Ecology (7) • Behavioral Ecology and Sociobiology (6) • Bioacoustics (1) • Biodiversity and Conservation (1) • Biological Conservation (5) • Biological Reviews (1) • Biology Letters (3) • Biotropica (2) • Condor (3) • Conservation Biology (1) • Ecography (2) • Ecology (3) • Ecology and Evolution (2) • Ecosphere (1) • Emu – Austral Ornithology (1) • Environmental International (1) • Ethology (3) • Florida Field Naturalist (1) • Forest Ecology and Management (2) • Forktail (5) • Frontiers in Ecology and the Environment (1) • Global Ecology and Conservation (3) • Ibis (1) • J. of Animal Ecology (2) • J. of Applied Ecology (1) • J. of Avian Biology (2) • J. of Comparative Psychology (1) • J. of Field Ornithology (4) • J. of Fish Biology (1) • J. of Ornithology (1) • J. of Sustainable Forestry (4) • J. of Tropical Ecology (2) • Land Use Policy (1) • Mammalia (1) • Naturwissenschaften (1) • Ornis Fennica (1) • Proceedings of the Royal Society (3) • Raffles Bulletin of Zoology (1) • Trends in Ecology and Evolution (2) • Wilson J. of Ornithology (1) • Zoological Research (1)
- Grants reviewed for (# of reviews): Human Frontier Science Program (1), National Science Foundation International Research Postdoctoral Program (1), Polish National Science Foundation (1).
- Other kinds of reviews: IUCN World Heritage Nominations (1)

Advice on Post-Graduate Education and Student Theses:

- Postdoctoral Fellows at GXU:
 - 1) Emilio Pagani-Núñez (3/15-10/16). Worked on how birds foraging niches are affected by urbanization.
 - 2) Myung-Bok Lee (6/15-6/18). Worked on the relationship between crop diversity and biodiversity in agricultural landscapes.
 - 3) Ari Martínez (1/17-7/17). Worked on how mixed-species flocking may influence species' colonization of islands and subsequent extinction.
 - 4) Tongping Su (8/17-8/19). Worked on the effect of mercury on birds' reproductive biology.

- 5) Liping Zhou (1/20-present). Working on potential plumage mimicry in mixed-species flocks.
- Postdoctoral Fellows at XTBG:
 - 1) Christos Mammides (1/14-12/15; co-supervised with Prof. Chen Jin). Worked on elucidating species-interactions in mixed-species flocks of birds.
 - PhD students at GXU:
 - 1) Demeng Jiang (9/16-6/20). “Social information about predators in two mixed-species bird flock systems”.
 - 2) Estelle Meaux (9/17-present). Working on factors that influence the rate of contact calling in group-living birds.
 - 3) Kamal Gosai (9/18-present). Working on potential mimicry and interspecific audience effects in mixed-species bird flocks.
 - 4) Wuyuan Pan (9/20-present). Working on the use of acoustic indices to estimate animal diversity on vegetation plots.
 - Masters Students at GXU:
 - 1) Ruchuan He (9/15-6/18) “Effect of mimic frequency on predation in a Batesian mimicry system” (with external supervision from Prof. Craig Barnett).
 - 2) Wenjing Zhou (9/15-6/18) “Investigating the diversity of herbaceous plants in agricultural landscapes of Nanning, Guangxi.”
 - 3) Chao He (9/16-6/19) “Levels of heavy metals in a zinc and lead mining region of southern China: Levels of target and nontarget metals (mercury and cadmium) across trophic levels.”
 - 4) Tharaka Priyadarshana (9/16-6/19). “The effects of farmland heterogeneity on the biodiversity and functional diversity of above-ground insects.”
 - 5) Cheng Li (9/18-present). Working on how crop diversity affects farmers, and their attitudes towards biodiversity.
 - 6) Youfang Chen (9/18-7/21). “Socioeconomic Determinants of Crop Diversity and Its Effect on Farmer Profit: A case study from Nanning, Guangxi Zhuang Autonomous Region.”
 - 7) Anran Dong (9/19-present). Working on understanding plant-animal interactions through autonomous recordings.
 - 8) Jichong Chen (9/20-present). Working on heterospecific audience effects in aviary experiments with mixed-species flocks.
 - Masters Students at XTBG:
 - 1) Hao Gu (11/12-12/14) “A network perspective: Do super-generalists speciate less than generalists and specialists?” (co-supervised with Prof. Chen Jin).
 - 2) Salindra Dayananda (9/13-6/16) “Understanding how the spatial distribution of forest fragments influences birds and amphibians in a deforested landscape of southern tropical China” (co-supervised with Prof. Quan Ruichang).
 - 3) Kasun Abeysinghe (9/13-12/16) “Mercury toxicity in a contaminated terrestrial landscape of inland China” (co-supervised with Prof. Yang Xiaodong and Prof. Qiu Guangle of the Institute of Geochemistry, CAS).
 - Undergraduate theses advised at GXU:
 - 1) Luying Qin (graduated 7/20) “Using playback to test species recognition between two bird species that have highly plastic vocalizations

- 2) Shuaiqian Qi (graduating 7/21) “A comparative acoustical analysis of the vocalizations of the drongos (Dicruridae)”
 - 3) Xiaolei Zeng (graduating 7/21) “Do the contact calls of white-eyes differ among individuals?”
- Significant external advisor of other students’ theses:
 - 1) Punit Lalbhai (MSc, Yale School of Forestry and Environmental Science, 9/05-9/07). Worked on how logging treatments affect birds at the Yale-Myers experimental forest.
 - 2) S. Harsha Satischandra (BS, University of Sabaragamuwa, 9/02-6/06). Worked on the foraging ecology of the Greater Racket-tailed Drongo.
 - 3) S. Harsha Satischandra (MSc, University of Sabaragamuwa, 9/07-6/09; EG official external advisor). “Evaluating false alarm calls in the Greater Racket-tailed Drongo (*Dicrurus paradiseus*).”
 - 4) Chaminda Ratnayake (PhD, University of Colombo, 9/03-6/10). Worked on the ecology and behavior of the Sri Lanka Blue Magpie.
 - 5) Annika Nabors (BA, University of San Diego, California, 9/08-6/12). Worked on how flower nectar guides influence bee behavior.
 - 6) Sreekar Rachakonda (MSc, XTBG, 9/12-6/15). Worked on hunting and fragmentation in the rubber dominated landscape of Xishuangbanna, Yunnan, China.
 - 7) Liping Zhou (PhD, XTBG, 9/16-12/19). Worked on understanding the effects of land-use and elevation on mixed-species flocks of southwestern China.
 - 8) Salindra Dayananda (PhD, GXU, 9/17-present). Working on radio-tracking bird movements in fragmented landscapes of Sri Lanka.
 - 9) Wambura Mtemi (PhD, GXU, 9/19-present). Working on ecotoxicology of heavy metals in rice and sugarcane ecosystems.
 - External reviewer of student’s written theses:
 - 4) Kai Paijmans (Ph.D., University of Wollongong; Marian Wong, advisor). 8/20.
 - 3) Sneha Vijayakumar (Ph.D., Indian Institute of Science; Kartik Shanker, advisor). 3/15
 - 2) Tuomo Jaakkonen (Ph.D., University of Oulu; Jukka Forsman, advisor). 4/14.
 - 1) Bransilav Igic (Ph.D., Australian National University; Robert Magrath, advisor). 10/13.
 - I have also participated in the oral defenses of 1 postdoctoral fellow, 2 PhD and 2 MSc while at XTBG and GXU.

Courses Taught at University Level:

At Guangxi University:

- Principles of Ecology (undergraduate; Spring 2018, Spring 2017, Spring 2015)
- Advances in Ecology and Conservation (co-taught; undergraduate; Fall 2019, Fall 2018, Fall 2015, Fall 2014)
- Principles of Ecology (graduate international; Fall 2019; Fall 2018; Spring 2018; Spring 2017; graduate)
- Animal Ecology (graduate domestic; Fall 2019; Fall 2018)
- Seminar in Statistics and Experimental Design (graduate international; Fall 2019; Fall 2018; Fall 2017; Fall 2016)

- Advanced Statistics (co-taught; graduate domestic; Spring 2016)

At the University of San Diego:

- Environmental Biology (Spring 2012; undergraduate)
- The Biology of Organisms (Fall 2010; undergraduate)
- Senior Seminar (Fall 2009; undergraduate thesis students)

At the University of California, San Diego:

- Introduction to Organismic and Evolutionary Biology (Fall 2010, Fall 2011; undergraduate)

At the University of New Haven:

- Ecology with Laboratory (Fall 2008; undergraduate and graduate tracks)

At the University of Massachusetts, Amherst

- Biology of Social Issues (Fall 2008; undergraduate; co-taught)

Faculty Experience in Fieldcourses:

- Advanced Course in Ecology and Conservation at Xishuangbanna Tropical Botanical Garden (participated in 1.5 month course in 2012, 2013, 2014, giving lectures in bird ecology and statistics).

Voluntary Educational Activities:

- Participant (11/16-12/16; 11/17-12/17), international career development for Guangxi University staff. Participated in workshop that meets five times over a period of two months to help young professionals polish their CVs and initiate international collaborations.
- Project leader (8/11-12/11), high school outreach program, entitled “Pollinators and predators” funded by the San Diego Foundation. Introduced students to the scientific process through field trips, lectures, dissections and small experiments with bees.
- Workshop organizer, with Uromi M. Goodale, and lecturer for: two-session program introducing R (Divine Word University, 9/09), two-day program on the research process (the National Research Institute, Papua New Guinea, 9/09, and the Binatang Research Center, 12/09), two-day program on statistics (University of Colombo, 3/09), one-day program on career development (Port Moresby, PNG, 12/07), one-day program on proposal writing (University of Colombo, 9/07), and a four-day program on scientific analysis and writing (FOGSL, 1/07).
- Project leader and lecturer (12/06 – 1/09), for secondary school education program by the Field Ornithology Group of Sri Lanka, and funded by the Conservation, Food and Health Foundation, that visited 23 schools and took them on visits to nearby rainforests.
- Participant (1/08-3/08) in the project “Empowering Students in Ecology, Music, and Computer Science through Active Participation in an Elementary Bird Song Curriculum”, funded by the Lindbergh Foundation; prepared podcasts for elementary grade school children to get them interested in birds and animal behavior.
- Guest lectures given: FOGSL general meeting (3/07, 10/04), Sri Lanka Fulbright Commission (9/04), Biology 521 / Community Ecology, University of Massachusetts, Amherst (5/03); Undergraduate Ornithology, University of Colombo (3/07, 2/07, 8/02); Masters Program in Wildlife Ecology, University of Peradeniya (7/01; 9/98).

- New Haven Science Fair Mentor, for two high-school students (10/05–5/06). The students won the first prize from the New Haven Bird Club and were Finalists and Medalists at the Connecticut Science Fair.
- Fieldtrip organizer and demonstrator of research activities on mixed-species bird flocks in the Sinharaja World Heritage Reserve: FOGSL (9/04, 8/03, and 7/03), Masters Program in Wildlife Ecology, University of Colombo (7/04 and 7/02), Undergraduate Ornithology, University of Colombo (8/03).

Technical Skills:

- Bird identification / banding. Three years of experience using mist nets in Sri Lanka with over 150 birds captured. Twenty five years experience with bird identification in the field.
- Sound recording. Twenty five years of using shotgun and parabolic microphones, and mono and stereo tape recorders, both analog and digital.
- Sound analysis. Extensive experience using Raven, Avisoft.
- Radio-telemetry. Tracked five Greater Racket-tailed Drongos (*Dicrurus paradiseus*) over a period of four months in the Sinharaja World Heritage Reserve, Sri Lanka, supervised telemetry PhD project.
- Statistics. Two semesters of 500 level classes in the Department of Statistics, University of Massachusetts, Amherst. Extensive experience using R, and limited experience with SAS and SYSTAT.
- Experience with other computer programs. Moderate experience with ArcView GIS software and C++ programming.
- Experience with teaching technology: Two semesters' experience with WebCT / Blackboard web technology as well as with clickers (specifically, iclickers).
- Languages. Fluent in English; conversant in Sinhala; functional in Mandarin; languages learned in high-school were French and Latin.
